

<p>English</p> <p>We begin recapping some of our fabulous literacy skills, including using adjectives and past and present tense verbs. Our focus will then be writing our very own rainforest inspired stories and descriptions. We will then move on to non-fiction texts and writing our own non-chronological report including everything we have learned about rainforests.</p>	<p>Maths</p> <p>We will begin the term with a recap into place value (ones, tens and hundreds.) We will then recap addition, subtraction and multiplication. We will also be working on fractions and problem solving linked to 4 operations.</p>	<p>Geography</p> <p>We will begin by learning about the world's seven continents, and which contain rainforests. We will then learn about the different climates of the world and which climate is best for a rainforest to flourish. We will identify seasonal and daily weather patterns in the United Kingdom and compare that to a rainforest. We will then begin to learn about the characteristics of the different layers of the rainforest.</p>
<p>Computing</p> <p>We will be looking at the different ways we can keep ourselves safe online. We will also be looking at using Word and Excel.</p> <p>DT</p> <p>We will be working creatively with all the facts we have learned about the rainforest to create our very own rain forest backdrop with a windup animal.</p>	<p>RESPECT, Hope, Determination</p> <p>Y 1+2</p> <p>Natterjack Toads</p> <p>Spring 2020-2021</p>	<p>PE</p> <p>We will be keeping fit and active at home with Joe Wicks and getting flexible with some interesting home yoga videos.</p> <p>Music</p> <p>We will be listening to different music and sounds from different rainforest areas including South America and Africa.</p>
<p>Science</p> <p>This term we will be learning all about animals including humans. We will be focusing on the basic needs of animals, including humans, for survival (water, food and air) we will then go on to explore and compare the differences between things that are living, dead, and things that have never been alive. We will also learn lots of interesting things about habitats and what animals eat.</p>	<p>Home Learning</p> <p>Reading, reading and more reading please! Reading at home is so essential to your child's reading development and fluency. Its quality over quantity as they will get so much more out of reading a section than being asked some questions about what they have read. We will be sending out a list of questions that you can ask.</p>	<p>RE</p> <p>We will be looking into both thankfulness including Christianity and religious and non-religious beliefs about thankfulness and gratitude</p> <p>PHSE</p> <p>We will be focusing on Hope this term, allowing the children to think about their hopes and their dreams.</p>
